## TOPSTOP GOLD

Multifunction super fine polyester stopper

### Description

**TOPSTOP GOLD** polyester stopper is a super smooth two component polyester stopper which is based on a creamy, easy to mix and apply formula.

**TOPSTOP GOLD** is a multifunction polyester stopper which can be used to fill small dents and imperfections on surfaces such as steel, polyester fillers, aluminium, galvanized steel, GRP and some plastics.

**TOPSTOP GOLD** is a multifunction product for use on a variety of surfaces. It is a very soft super fine paste that can be easily spread in thin layers to provide the perfect surface for painting. It can be easily sanded within a short period of time.

### Surface preparation and instructions for use

**TOPSTOP GOLD** polyester stopper can be used on the following surfaces:-

- Bare steel - degrease and abrade with P40 paper.
- Aluminium and galvanized steel - degrease and abrade lightly with P80 paper.
- Original paint surfaces (with the exception of thermoplastic acrylics) - degrease and abrade with P180 paper.

### Mixing ratio

100 parts by weight **TOPSTOP GOLD** polyester filler  
2 parts by weight **U-POL** hardener.

### Pot life

Typically, 4-5 mins. at 20°C with 2% hardener.

### Tools

Mixing board, filler knife, plastic or rubber spatula.

### Drying time

Sandable after 25 mins.at 20°C.

### Over-painting

**TOPSTOP GOLD** polyester stopper filler can be over-painted with most paint systems.
